20. [REDACTED] GLC) LIAISON Called Clark McFadden, General Counsel, Senate Armed Services Committee, and alerted him to the problems we were having with the SALT transcript of 11 February 1975 before Jackson's Arms Control Subcommittee. I told him I had discussed this with Chairman Stennis and mentioned the Director would probably be talking with Senator Jackson on the subject.

21. [REDACTED] RC) HEARINGS Called Walter Sheridan, on the staff of the Senate Judiciary Subcommittee on Administrative Practice and Procedure, for follow-on questions on the Agency's behavioral experimentation programs and he suggested that he may wish to give me a few of them over the telephone so that I can get started on them. He said it has been decided at the staff level that they would submit written questions under the signature of Senator Edward M. Kennedy (D., Mass.). He didn't know when this would happen and I agreed to stand down until I heard from him. It was recalled that it was my view as a junior partner of the firm that it didn't make sense to have two Committees investigating the same subject. He said that they now have a clearance from Senator Frank Church (D., Idaho) for their Subcommittee to obtain from the Agency [REDACTED] documents and asked where their request stood. I said we have not heard from the [REDACTED] family lawyers on the question of their privacy. As soon as we hear from them, we will notify... them. (Called [REDACTED] OGC, on this who said he preferred not to call the [REDACTED] lawyers again because we have other things going with them. I plan to suggest to Sheridan that they call themselves, but will wait a few days before doing so.) It is apparent that the Subcommittee staff is disappointed that they did not get a horror story from us on the 23rd of September when we briefed them, and they believe the scoop lies in the past. Should we get a letter from the Senator, it is suggested the Director respond on a common-sense argument and should he persist, it might be a smart thing to let both Committees go at it.

11. [] RJK) LIAISON As a follow up to previous arrangements, advised Mary Valente, House Judiciary Committee staff, and Mary Dooley, Internal Security Subcommittee, Senate Judiciary Committee, we would be sending to their respective offices, a fairly large number of hearings held in the past dating as far back as 1948. Both Ms. Valente and Ms. Dooley appreciated our thinking of them before disposing of these documents, some of which are now out of print and very hard to get. [] HIC, will box up the materials and send them to the Committees in the next day or so.

7. [] RJK) THIRD AGENCY Spoke with Mr. Greenwood, Congressional Research Service, Library of Congress, and told him that this Agency had no statistics on the number of U. S. citizens employed by our Government overseas. Greenwood replied that he thought this would be the case but appreciated our checking anyway.

8. [] THW) DEBRIEFING Accompanied [] OCI, [] CRS and Dr. [] OMS, to Representative Bill Archer's (R., Tex.) office to debrief him on his recent trip to the Soviet Union. The debriefing went well and it is apparent that Archer is rather conservative and is also a supporter of the Agency. He promised to forward copies of the notes he made on his trip together with a list of the people he met on his trip, all of which is to be forwarded to [] He was also shown photos of various meetings in which he participated and asked for copies of them.

[] will have the copies made and send them to me for forwarding to Archer. One comment of significance was that on one of the legs of the trip, Representative Phillip Burton (D., Calif.), Chairman of the Democratic Caucus, told Archer in confidence that he would not allow his side of the House to gut CIA.

9. [] - RC) HEARINGS Called Russ Rourke, in John O. Marsh's, Counsellor to the President, office, and reminded him of his conversation with Mr. Cary about our discussions with Senator Edward M. Kennedy's (D., Mass.) Senate Judiciary Subcommittee on Administrative Practice and Procedure on behavioral experimentation. I said we are going down to meet with the staff members of the Subcommittee today to say the following: Why we are doing it (countermeasures and positive collection); What we do (in-house research and studies to keep up with the state-of-the-art and experimentation); How we do it (largely contracted out through other agencies or private entities); Why we do it this way (to hide our specific interest from our enemies and not to hide it from the Congress or the American public). In terms of experimentation involving human subjects, these were self-hypnosis, mild electric shock, and health diagnosis via microwaves. All three activities meet basic HEW standards and are of minimal risk to the subject.

10. [] - RC) HEARINGS [] and I accompanied [] and [] ORD, to a briefing of Tom Susman, Walter Sheridan, James Michie, of the Senate Judiciary Subcommittee on Administrative Practice and Procedure, and Jay Cutler, Counsel, Minority staff of the Senate Labor and Public Welfare Committee. The purpose of the meeting was to discuss on-going Agency programs in the behavioral research and experimentation area. Prior to the meeting, I met with the Director to get his full clearance. (See above Journal item in which I alerted the White House to the meeting.) See Memorandum for the Record.

11. [] GLC) ADMINISTRATIVE Talked with Les Janka, NSC staff, regarding the SALT transcript and told him that General Scowcroft, Deputy Assistant to the President for National Security Affairs, said we should not send it to the Jackson Subcommittee on Arms Control of the Senate Armed Services Committee. I said I thought it best to send it back with the deletions and let Jackson conclude it is not worth publishing with the deletions made. I said the Director wanted to be sure that the White House knows that Secretary of Defense Schlesinger also is sanitizing his testimony. Janka said he was not aware of that. I told him I had called Jack Maury, Assistant Secretary of Defense (Legislative Affairs), to alert him to the White House review procedure and perhaps Janka would also call Maury to plug the gap. Janka said he would.

12. [] GLC) BRIEFING Bob Wolthius, White House staff, called regarding the Director's participation in a White House briefing of some members of Congress on the intelligence stake in Turkey. I told him the Director would be glad to do so. He said he was making the arrangements and would be back in touch.

13. [] - JMD) ADMINISTRATIVE Called Gary Jarmin, American Conservative Union staff, and advised him that the Director would be available to talk to the ACU Seminar on either 8 or 9 October in the afternoon. Jarmin said he is waiting to hear from the FBI as to Director Kelley's availability and will be back in touch with us as soon as he can firm up a date.

13. [] PLC) LIAISON J. Sourwine, Chief Counsel, Senate Judiciary Subcommittee on Internal Security, called and asked that we run a check on [] reportedly an anti-U.S. writer born in Czechoslovakia, who three or four years ago allegedly was working for a communist newspaper in Cleveland. I told him I would check and call him back.

14. [] PLC) FOIA Received a call from Elizabeth Stevenson, in the Palo Alto, Ca. office of Representative Paul N. McCloskey (R., Calif.), inquiring as to the status of the Freedom of Information request of []. After checking with IRS, I called her back and told her that a final reply would be sent within a few days.

15. [] PLC) THIRD AGENCY Called Mr. Eireich, Associate Director for Communications and Data Information, GAO, in response to his earlier call (see 19 Sept. journal, item # 5) and informed him that we have no knowledge of any attempt to technically compromise computer systems. I made it clear, however, that this should not give him any assurances that the threat does not exist since our systems are protected by encryption and other means. He said he understood and will confine his study to agencies such as Commerce whose systems are comparable to the proposed system for the Internal Revenue Service and are not encrypted. He assured me that our response and those of the FBI, NSA, which were also negative were informal and are not to be included in any GAO report that he prepared. This request and the response were discussed with [] DD/P&M/OS, [], OS, [], Commo Security/OC.
